Water Service Interruption Notice

**ESTE INFORME CONTIENE INFORMACION MUY IMPORTANTE SOBRE SU AGUA DE BEBER.
TRADUZCALO O HABLE CON ALGUIEN QUE LO ENTIENDA BIEN.**

DEAR CUSTOMER;

On **Thursday night, May 30, 2024**, the Hazleton City Authority will be installing a new water main at the intersection of **S. Poplar St. and Muir Ave.**, Hazleton. This water service interruption, **involving all customers that receive this notice**, will begin at **10:00 P.M. on Thursday night** and will last for approximately 8 hours until the reconnection work is complete and flushing is done. Customers that receive this notice are asked to store some water for drinking and sanitary purposes prior to the shutdown at 10:00 P.M. (Customers may want to store some water in their bathroom tub to transfer to the toilet tank for flushing). Also, customers are asked to refrain from washing clothes on Friday, due to possible discoloration in the water when the reconnections and flushing are completed.

Because this is a controlled shut down and does not represent an expected hazard, the Hazleton City Authority is **NOT** issuing a boil advisory as a result of this interruption. If an unexpected situation occurs, and a boil advisory is necessary, the Authority will hand deliver another notice to customers.

We apologize for any inconvenience and thank you for your patience. As always, you may contact the Hazleton City Authority if you have any questions regarding your drinking water.

Customers that are elderly or disabled and require bottled water to be delivered to their residence for drinking and sanitary purposes should call 570-454-2401.

HAZLETON CITY AUTHORITY
Water Department
